

Place Getters and Judges Comments

Overall group

Judges were Russell Manton from ABS and Chris Haines from TIAR

1st Robertson Family

Comments by Russell Manton: A great group of heifers that are extremely well grown, the evenness across the whole group was exceptional. There was no poor heifer in the total group, their confirmation also was of a very high standard for such a large group(95).

2nd Jason and Karen Chilcott

Comments: A beautiful line of heifers that were extremely well grown and healthy. Once again the evenness across all the heifers was outstanding. Confirmation was very good with no heifers having faults with rump-body and feet and legs

3rd Wadley Family

Comments: A big group of heifers (85 in total) with some x breeds amongst the group. All heifers showed great growth with shiny coats. Confirmation was of a high standard with feet and legs ideal.

4th Richardson Family

Comments: A group that is well grown and managed with good evenness over the group – compared to the first three placings just a couple of heifers didn't match within the group.

5th Paul Walker

Comments: A smaller group of heifers that are well managed and grown. Confirmation being very good, just a few that didn't fit the group overall.
